## Introduction

The *Marine Parks Act 2004* (the Act) provides for the conservation of Queensland's marine environment by implementing a comprehensive range of management strategies including the declaration of marine parks, and the establishment of zones and designated areas including highly protected areas within the parks. These management arrangements are formalised through the gazettal of zoning plans and the development of management plans.

Public authorities and other interested groups, including First Nations peoples and local governments, are encouraged to assist in managing marine parks and to further the public's appreciation, understanding and enjoyment of the marine environment.

The Act aims to achieve a coordinated and integrated approach with other environmental conservation legislation, and recognises the cultural, economic, environmental, and social relationships between marine parks and their adjacent lands and waters.

Australia's international responsibilities and intergovernmental agreements are important considerations in park management. Marine parks extend across areas adjacent to the Queensland coast which are under the control of both the Commonwealth and Queensland Governments. Both Governments have agreed that as far as practicable, in managing marine parks, State legislation will be consistent with the relevant Commonwealth legislation.

Marine parks in Queensland are multiple use areas providing for a range of activities and visitor opportunities. The zoning plans prescribed under the Act detail the types of uses and management measures applied to achieve an appropriate balance between conservation and use of the marine environment.

Three marine parks have been declared under the Act with corresponding zoning plans established: Great Barrier Reef Coast Marine Park, Great Sandy Marine Park and Moreton Bay Marine Park.

The plans and regulations that support the Act are:

- Marine Parks (Declaration) Regulation 2006
- Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004
- Marine Parks (Great Sandy) Zoning Plan 2017
- Marine Parks (Moreton Bay) Zoning Plan 2019
- Marine Parks Regulation 2017.

## **Amendments**

### ***Marine Parks Act 2004***

There were amendments made to the Act in the 2021-22 financial year as a result of the making the *Police Service Administration and Other Legislation Amendment Act 2022*. These amendments increase efficiencies for police officers acting as public officials or exercising powers under the Act, and in identity card administration. The requirement for an identity card to be produced for a police officer who has been appointed as an inspector under this Act has been removed, as has the requirement for police officers to produce these identity cards when exercising powers under this legislation. Also, a person who holds an identity card issued under another Act by a Minister or chief executive of a department that identifies the person as an inspector is also not required to have an identity card provided for use under this Act, but rather can produce or display a single departmental identity card that includes more than one appointment.

### **Marine Parks (Declaration) Regulation 2006**

There were no amendments made to the Marine Parks (Declaration) Regulation 2006 in the 2021-22 financial year.

### **Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004**

There were no amendments made to the Marine Parks (Great Barrier Reef Coast) Zoning Plan 2004 in the 2021-22 financial year.

### **Marine Parks (Great Sandy) Zoning Plan 2017**

There were no amendments made to the Marine Parks (Great Sandy) Zoning Plan 2017 in the 2021-22 financial year.

### **Marine Parks (Moreton Bay) Zoning Plan 2019**

Consequential amendments were made to the Marine Parks (Moreton Bay) Zoning Plan 2019 as a result of the Fisheries Legislation Amendment Regulation 2020 which commenced on 1 September 2021. These amendments update references to schedule numbers in fisheries legislation.

### **Marine Parks Regulation 2017**

The Environmental Legislation (Fees) Amendment Regulation 2021 amended the Marine Parks Regulation 2017 to index regulatory fees as part of the annual review required under government policy and indexed by the approved government indexation rate for 2021-22.

The Marine Parks Regulation 2017 was also amended by the Environmental Legislation (Fee Unit Conversion) Amendment Regulation 2022 to convert regulatory fees from fee dollars to fee units in line with Queensland Treasury's Principles for Fees and Charges policy. The conversion rate of 1 fee unit = \$1.00 was used as prescribed in the *Acts Interpretation Act 1954*. Schedule 4 was replaced which outlines the fee units payable for conducting a commercial whale watching program and the additional daily fees for each passenger.

## Funding

In 2021–22, the Queensland Government contributed \$19.2 million to the Great Barrier Reef Joint Field Management Program. Together with the Australian Government's contribution and other revenue, the budget allocation for the Program in 2021–22 was \$40.5 million. The Program operates across the (Commonwealth) Great Barrier Reef Marine Park, the (State) Great Barrier Reef Coast Marine Park, island national parks of Queensland and Commonwealth Islands within the Great Barrier Reef Region. As such, only a portion of the Program's funds are spent on the (State) Great Barrier Reef Coast Marine Park. The total expenditure for the joint Program in 2021–22 was \$36.9 million.

The combined operational costs (operating (excluding depreciation) and capital) for the Great Sandy and Moreton Bay Marine Parks in 2021-22 totalled \$3,481,495.

## Management plans

The Queensland Parks and Wildlife Service employs a Values-Based Management Framework to guide protected area management. The Framework prioritises management undertaken on parks in line with the key values of the park and incorporates steps for monitoring progress, evaluating performance, and reporting on the effectiveness of management actions over time. The framework is the approved process for management of protected areas across Queensland under the *Nature Conservation Act 1992*.

Marine parks adjacent to mainland or island national parks may share values and management issues. To ensure seamless management, areas of marine parks that adjoin national parks may be included in the management planning process for national parks resulting in a joint *Marine Parks Act 2004* and *Nature Conservation Act 1992* management plan.

During 2021–22, there were no new management plans for marine park areas approved.

## Authorities

The Act provides for activities to be undertaken on marine parks under an authority (permits and commercial activity agreements) for varying periods. A 'permit' can include several 'permissions' for the conduct of different activities as prescribed in a relevant marine park zoning plan. The Marine Parks Regulation 2017 outlines the administrative matters relating to the grant, amendment, suspension, cancellation, surrender and replacement of relevant authorities and the requirements applying to carrying out activities under a relevant authority provided for by the Act.

A summary of authorities granted, suspended, or cancelled, applications refused in 2021–22, and related information is outlined in [Table A](#).

## Offences and enforcement

In 2021–22, a total of 78 marine park penalty infringement notices were issued under the Act or subordinate legislation. The Department of Environment and Science finalised three prosecutions in 2021-22 with convictions by a court, resulting in \$21,000 of fines and \$9,256.39 of costs. A summary of offences and prosecutions are provided in [Table B](#) and [Table C](#).

## Accreditations

Accreditations are a form of approval that removes the need for organisations and individuals to obtain a permit to carry out activities. Accreditations can be issued under the Marine Parks Regulation 2017 for a number of different activities such as research and aquaculture. A Traditional Use of Marine Resources Agreement is one form of accreditation. These formal agreements are developed by traditional owner groups and accredited by the department and, if the agreement covers the Great Barrier Reef region, also by the Great Barrier Reef Marine Park Authority (GBRMPA).

Traditional Use of Marine Resources Agreement's describe how traditional owner groups work in partnership with the Queensland and Australian Governments to manage traditional use activities on their sea country. A summary of accreditations that are in place is provided in [Table D](#).

## Other legislative provisions

Other legislative provisions under Part 6 of the Marine Park Regulation 2017 that manage marine park activities include the declaration of special activities and restricted access areas, and erection or display of regulatory notices. [Table E](#) outlines the Part 6 legislative provisions in place for each marine park.

## Information supporting the report on the administration of the *Marine Parks Act 2004* in 2021–22.

**Table A - *Marine Parks Act 2004* permissions<sup>1</sup> and authorities granted, refused, and suspended or cancelled (1 July 2021 – 30 June 2022).**

*The number of permissions includes all current permissions some of which may have been issued in previous reporting periods.*

Category	Current as at 30/06/2022	Issued	Refused, suspended or cancelled
<b>State-Commonwealth joint<sup>2</sup> Marine Park permissions<sup>1</sup></b>			
Aquaculture	2	0	0
Taking animals or plants posing a threat <sup>3</sup>	103	7	0
Collecting <sup>4</sup>	2	0	0
Educational program	106	16	0
Exploration/mining <sup>5</sup>	0	0	0
Harvest fishery <sup>6</sup>	138	16	0
Media activity (film, photography) <sup>7</sup>	9	8	0
Operate a facility <sup>8</sup>	1,141	233	0
Operating/navigating vessels and aircraft <sup>9</sup>	41	19	0
Research	259	66	0
Ship and managed vessel operation <sup>10</sup>	99	5	0
Tourist program	2,212	555	0
Vessel or aircraft charter operation <sup>11</sup>	1,330	501	0

<sup>1</sup> A 'permit' may include a number of individual permissions for different activities. Table A includes the total number of individual permissions. A new administrative system has allowed greater interrogation of data resulting in a more accurate representation of the number of authorities

<sup>2</sup> 'Joint' Marine Park permissions relate to the Great Barrier Reef area where permissions are issued jointly by the State (Queensland Parks and Wildlife Service) and GBRMPA to cover activities occurring in both the State and Commonwealth Marine Park respectively.

<sup>3</sup> Provides authority to carry out a program for taking a plant, animal or marine resource that poses a threat to human life and safety (e.g., mosquito control, shark control program), marine park ecosystems (e.g. toxic algae, Crown of Thorns Starfish), or to the use/amenity of an area or adjacent marine park (e.g. mangrove trimming).

<sup>4</sup> Collecting can include non-commercial collecting (e.g. shell clubs) or commercial collecting of species that are not part of a harvest fishery (e.g. oysters).

<sup>5</sup> Exploration/mining includes exploring or mining for minerals, exploring or producing petroleum and carrying out geothermal exploration.

<sup>6</sup> Harvest fishery includes commercial collecting of coral, shell, and aquarium fish.

<sup>7</sup> An authority may be considered necessary if, for example, pyrotechnics are involved or exclusive access is required.

<sup>8</sup> Operate a facility can include buildings, vessels, or structures (e.g. pontoons, jetties, barge landings, pipelines, aircraft landing areas, and moorings (Great Barrier Reef Coast Marine Park (GBRCMP) only), as well as constructing, building, assembling, fixing in position, discharging waste, operating, maintaining or decommissioning the facility.

<sup>9</sup> Operating/navigating vessels and aircraft includes anchoring.

<sup>10</sup> Operating/navigating ships, includes anchoring. Managed vessel types include hovercraft, wing in ground effect craft, hydrofoils and airboats.

<sup>11</sup> Vessel charter includes skippered and bare boat charters.

Category	Current as at 30/06/2022	Issued	Refused, suspended or cancelled
Works <sup>12</sup>	17	7	0
Other <sup>13</sup>	44	15	0
<b>State-only<sup>14</sup> Marine Park authorities (permits<sup>1</sup> and agreements)</b>			
Permits <sup>1</sup> under the Marine Parks Regulation 2017

Vessel or aircraft charter operation <sup>11</sup>	104	25	0
Works <sup>12</sup>	143	32	0
Other <sup>13</sup>	21	5	0
Commercial Activity Agreements under section 52 of the Marine Parks Regulation 2017			
Tourism <sup>15</sup> (excluding Whale Watching)	7	4	0
Whale Watching	17	0	0
Other (e.g. filming, competitive & corporate events)	5	2	0

<sup>12</sup> Works includes coastal works such as beach nourishment, buoy and pile moorings (excl. GBRCMP), maintenance dredging (GBRCMP only), capital dredging (Moreton Bay Marine Park (MBMP) and Great Sandy Marine Park (GSMP) only), spoil disposal, foreshore protection, access structures (e.g. pontoons, jetties, boat ramps), marinas, reclamation, sand extraction and submarine pipelines. Major works that involve large scale coastal works (MBMP only) may require declaration of a works area.

<sup>13</sup> Other includes activities such as conducting a developmental fishery program, traditional use of marine resources, operating a fishing industry service vessel, aquatic events, sporting events, fireworks display, and taking of broodstock.

<sup>14</sup> State-only permissions relate to the GBRCMP, GSMP and MBMP.

<sup>15</sup> Includes commercial tour operations within the ex-HMAS Tobruk Area of the GSMP which has been declared a prescribed commercial activity under section 126 of the Marine Parks Regulation 2017.

**Table B - *Marine Parks Act 2004* enforcement activity for Great Barrier Reef Coast, Great Sandy, and Moreton Bay Marine Parks for 1 July 2021 – 30 June 2022.**

<b>Category</b>		<b>Number</b>
<b>Penalty Infringement Notices</b>	Number issued	78
	Number withdrawn	2
	Number of Court elects	3
	Number of reviews	3
<b>Formal Investigations</b>	Number completed	1
<b>Prosecutions</b>	Number of matters finalised with a conviction	3

	Mandubarra TUMRA (QPWS/GBRMPA)	Traditional Use of Marine Resources	04/04/2018	04/04/2028
	The University of Queensland	Limited impact research	10/02/2006	n/a
	Australian Museum	Limited impact research	10/02/2006	n/a
	The Queensland Museum	Limited impact research	10/02/2006	n/a
Central Queensland University	Limited impact research	10/02/2006	n/a	

<sup>17</sup> There is no requirement to specify an expiry date for accreditations (other than TUMRAs), however, an accreditation requires review if a new zoning plan for the marine park, to which it applies, is made.

<sup>18</sup> This TUMRA is a continuation of a previous agreement as an extension to the original expiry date has been granted. The TUMRA continues to remain in effect until a 'new' TUMRA with the traditional owners is executed.

<sup>19</sup> TUMRA extends into Great Sandy Marine Park.

**Table E – Summary of other legislative provisions in place over State marine parks in 2021–22 (State-only and joint State-Commonwealth).**

Marine Park	Provision	Location	Activity regulated
Moreton Bay Marine Park	Special activity notice	Harry Atkinson Artificial Reef	Scuba diving, surface supplied air diving, snorkelling, spearfishing, commercial fishing.
		North Moreton Artificial Reef	Scuba diving, surface supplied air diving.
		South Stradbroke Artificial Reef	Scuba diving, surface supplied air diving.
		West Peel Artificial Reef	Scuba diving, surface supplied air diving, spearfishing, commercial fishing.
		Wild Banks Artificial Reef	Scuba diving, surface supplied air diving, commercial fishing, anchoring, spearfishing deeper than 12 metres.
		East Coochie Artificial Reef	Scuba diving, surface supplied air diving, spearfishing, commercial fishing.
		Tangalooma Island Resort	Participating in dolphin feeding in the authorised dolphin feeding activity.
	Regulatory notice	Redland Bay Claypan	Unauthorised motor vehicles are prohibited from tidal lands and waters.
		Bullock Creek	Unauthorised motor vehicles are prohibited from tidal lands and waters.
		Flinders Reef and Flat Rock	Limiting vessel capacity for use of public moorings.
Great Barrier Reef Coast Marine Park	Regulatory notice	Whitsunday area - Nelly Bay and Jonah Bay	Prohibited from bringing a vehicle, a domestic animal, lighting a fire and using generator, compressor, or motor.
		Byfield area - Five Rocks Beach	Vehicle access north of the vehicle beach access without a permit.
		Lady Musgrave Island and lagoon	Operating a vessel at planing speed or speed that could reasonably be expected to strike a turtle, anchoring in the no anchoring area or access channel, swimming or snorkeling in the access channel, lighting a fire on the island, beach or in the lagoon.
		Magnetic Island – West Point to Cockle Bay	Vehicles on tidal lands including beaches, salt pans and mudflats.
	Special activity notice	North West Island reef and surrounding waters	Human behaviours which attract sharks including processing fish product, dumping of fish scraps, and cleaning of fish processing equipment.
