

Walkabout Creek Master Plan Project

The Department of National Parks, Recreation, Sport and Racing (NPRSR) invites commercial recreation and ecotourism operators to submit a Registration of Interest (ROI) for participation in a Market Sounding Industry Day for the Walkabout Creek Master Plan Project.

The Walkabout Creek Master Plan Project is being delivered as part of the Queensland Government's commitment to improve access to national parks for sustainable outdoor recreation and ecotourism and to support growth of Queensland's tourism industry.

There is strong potential to improve the facilities and attractions at Walkabout Creek and the adjoining D'Aguilar National Park to enhance visitor experiences and to provide further opportunities for nature based recreation, including commercial recreation and ecotourism. The closed Market Sounding Industry Day will seek feedback on the potential commercial opportunities for the improvement of these facilities and attractions. The Market Sounding Industry Day will be held on site at Walkabout Creek, 60 Mt Nebo Road, The Gap Brisbane, on 22 May 2014.

To submit a ROI please contact tanya.ponton@calcuttagroup.com.au or phone 0487 880 050 before 15 May 2014.
